## Easter egg hunt gets a new format, draws a big crowd

The Villages at Godley Station's annual Easter egg hunt received a bit of a makeover this year to ensure more families could participate in the festivities. In previous years, the hunt for 1,000+ Easter eggs began promptly at 10 a.m. and was over within 15 minutes. Though the event has always been highly enjoyable, it was brought to the HOA's attention that any family would not be there right at 10 a.m. missed out on all the fun.

To include everyone, the events and activities committee changed the format, switching from the "traditional hunt" to a longer gathering that included plenty of games, crafts, and fun activities. The children made the rounds to each activity station, collecting eggs filled with candy and small toys at every stop.

Attendees also enjoyed free drinks and Easter themed snacks, such as bunny-shaped crackers and fruit snacks. Approximately 150 residents dropped by to check out the event.

# An update on Phase 1 of the pool renovation

The Villages at Godley Station's pool renovation, Phase 1, is under way. This phase is planned to wrap up in May, so the pool can open. Crews dealt with a several particularly rainy weeks in February and March, but are working diligently every day to try and keep the project on track.

This phase consists of several updates to the main pool. The smaller kids' pool will get an update during Phase 2. In order for the pool to be open for the summer season, both phases could not be completed back-to-back. Eventually, though, the whole area will be renovated.
